

BRIGHT OUTLOOK FOR MARIETTA

Tri-state Champ Floor Team
Has Played Together
6 Years.

MARIETTA, O., Dec. 8.—If a bright outlook would win games for a basketball five then Marietta College would have very nearly a perfect record for the coming year of the indoor sport. Coach Drumm will send much the same team back this year that won the Tri-State championship last winter and won eighteen out of their nineteen games played, running up a score over the eight hundred mark for their season's work. The only men lost by graduation was Turnbull at center and of the other four regulars and three subs not a man will be absent when the first whistle blows, unless it would be Withington a sub guard of last year who has been out of school owing to an attack of fever.

Captain Cress Whitling will be at the same old guard and by his record for the past two years should easily lead all guards in the state. In his two years of college basketball he has allowed but eighteen baskets to be made off of him in thirty-two games, a record which we believe has no equal considering the class of teams which Marietta has played in those two years. Meister, a wonderful guard especially on defensive, will hold down his old position as there is no man playing the guard position in Ohio today who could beat "Fat" as a defensive guard.

Hayes, last year's captain, will hold down one of the forwards unless he is switched to center and it is putting it mildly to say that he is the most aggressive floor man in the state today. Don Whitling playing his first year of college basketball last year was mentioned by prominent sport writers of the east as the most wonderful player developed in a decade. He personally scored 432 points for the Blue and White against 385 for the ninety different men who faced the Marietta aggregation. He was unanimously chosen as the best floor man in the Buckeye state last year and will no doubt repeat if he does not get an All-American position.

Of last year's subs Skinner can play a forward or a center position and play it like a star. On any other college team in the state he would be a star of the first magnitude. Calander, a sub guard of last year will try for a regular position either at guard or center and with his speed and reach he will make some one go for that center position. Withington, who subbed at guard and center last year will round into shape for the opening game and Coach Drumm is hopeful that this big boy will be able to come up to the promise which he has been showing the last year or so.

The present Marietta College basketball team has played together for a period of six years, they having won the High school championship of the state in 1914 besides finishing well up in the race in other years. Of the team that won the championship in 1914 four regulars and one sub out of the seven men who made up that team are in school today. With the success of last year fresh in mind the Blue and White quintet should sweep through to the championship of the state with ease if not to higher honors.

DRY GOODS ARE SCARCE.

PARKERSBURG, W. Va., Dec. 8.—That the supply of dry goods is still scarce, and that there is a remarkable tendency for the market to go upward, was the general report made by members of the Fifth division of the Southern Dry Goods Association, who met in conference here today. Many representatives of wholesale firms in this state, sections of Ohio and Kentucky were present, and a general review of market prices and a general review of the state of the market was held.

CANNOT BIND COURT REPORTS.

CHARLESTON, W. Va., Dec. 8.—Binding for over 5,000 volumes of the reports of the Supreme Court of Appeals is not obtainable, owing to the scarcity of leather, and Attorney General A. A. Lilly, under whose direction they were printed, announced today that, with consent of the members of the court, he will ask the legislature in January for permission to change the kind of binding required by law.

REJECT PRINTING BIDS.

CHARLESTON, W. Va., Dec. 8.—The State Printing Board today decided to reject all bids received this week for state printing and binding and for the purchase of stationery for the next two years. The lowest bids were almost three times as much as those accepted two years ago by the board. New specifications will be made and other bids asked for.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their bluish color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

Watch !!!

We make a prediction—watch for its fulfillment. For some years, various and sundry concerns have been making beverages which are grouped under the general description of "near-beer."

Now comes Bevo—a cereal beverage, not a "near-beer," nor do we seek its sale on any basis of being an evasion of the law or of being a substitute for anything. It is offered purely for what it is—a delightful, wholesome and nutritious drink.

Bevo met with instant and complete success. A whirlwind success.

Surely there must be something special about

Bevo that has won this success. That something is not the shape of the bottle or the beauty of the label but the goodness of the contents of the bottle.

We anticipate some beverages will be offered in a way to make the appearance of the package look as much like the Bevo bottle as possible. The intention is obvious.

But you don't taste the shape of a bottle—it's the flavor of the contents of the bottle that you must depend upon for enjoyment.

Then beware of impersonators—don't be satisfied to try to identify Bevo by the shape of the bottle alone—

Look !!

There are these certain identification marks that are your protection against imitations. Not just imitations of the product, remember—but those more insinuating imitations which try to deceive you by putting an old failure into a bottle similar to a new success. So look for these unmistakable marks of the genuine Bevo—demand that the bottle be opened in front of you, then—

Look for the Seal

See that it is unbroken covering the Crown Top

Look at the Crown Top, and see that it bears the Fox

Be sure the Bottle bears this Label

Have you tasted Bevo? Then you know that nothing can satisfactorily take its place. If you haven't tasted it you should learn what it is and all that it offers you.

Bevo is an all-year-round drink. You cannot enjoy Dutch lunches, Welsh rarebits, oysters, clams, lobsters, sausage, cheese, and many other such delicious edibles without partaking of a little Bevo. Give it a trial and see if this prediction is not true.

Listen !

Bevo is a pure drink; is strictly non-intoxicating. This means more than that it contains pure and harmless ingredients—it means that though you might often well be afraid of possible germs in milk or water, Bevo, being a pasteurized product in sterilized bottles, is absolutely free from bacteria.

Bevo is a nutritive beverage—the fine cereals from which it is made give it this quality.

Bevo is a delightful and refreshing soft drink—unlike any you have ever tasted—indeed a Triumph in Soft Drinks.

You should hear the comments of people who have tasted and who know Bevo. They all—

men, women and children—have a good word to say about Bevo's good qualities. We feel that we can say this with assurance, not only because of the wonderful sale we have had on Bevo but because of letters on letters received, congratulating us on the product.

You can't get these good qualities in anything but Bevo—demand the genuine.

You will find Bevo at inns, cafeterias, restaurants, groceries, department and drug stores, soda fountains, dining cars, steamships, canteens, soldiers' homes, navy, and other places where refreshing beverages are sold. Your grocer will supply you by the case.
